

## **MC110 Intro to Comp.**

### **Assignment 2 – Melody**

Your assignment is simple enough this week – compose a melody. Write something substantial (at least 16 measures or so). Think about the material you use and how it becomes developed throughout the melody. Think about the overall shape of your melody. It can be tonal, atonal, a little bit of both. It is your melody to do with as you please.

You can either notate the melody traditionally, or you can make a recording of it either sung or played on an instrument.
